DAVITT Outdoor Living

Build Smart - Live Well

It's Springtime and that means it's time to start thinking about outdoor living! In addition to Davitt's award winning luxury and coastal homes, we have also designed and built many beautiful outdoor living spaces. From simple patios to elaborate outdoor living spaces with full functioning kitchens, pools and spa's, Davitt makes outdoor living as much fun as indoors!

Don't miss out on everything outdoor living has to offer! To start your outdoor living project, call Davitt today at 401-792-9799 or visit www.davittinc.com.

SEASIDE CASUAL

WELCOME TO THE DAVITT TEAM!

The South County Health Centennial 5K will be held on Saturday, May 11, 2019 at South County Hospital. For more information or to register, visit www.southcountyhealth.org.

URI Music Department Concerts presents musical events that feature a variety of instruments- from student recitals and ensembles, to faculty and guest performances throughout the year. Visit web.uri.edu/music/music-department-events/ for more information.

The Courthouse Center for the Arts is a multidisciplinary community arts center located in the historic Washington County Courthouse. Enjoy concerts, comedy shows and films. Visit www.courthousearts.org for more information.

Davitt, Inc. is proud to announce our partnership with the Business Partners Program at South County Health. With the assistance of our sponsorship, as well as those from many other valued partners, South County Health will work to sustain expert care for its patients, speed the introduction of innovative medical

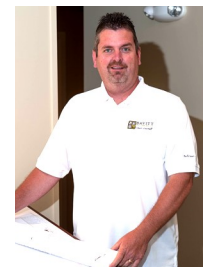

technology into the local community and provide support to their innovative cancer center.

Davitt is proud to be part of a legacy of business leaders committed to supporting South County Health's vision to forge extraordinary connections with their community that support health at every stage of life.

EMPLOYEE SPOTLIGHT

Keith Briggs
Director of Production

When it comes to construction technology and management, Keith Briggs is one of our go-to experts. Keith joined Davitt in 2012 as a Project Manager and managed the construction teams for our luxury and coastal homes. Today, Keith is our Director of Production and focuses his time on design and production. He oversees a team of project managers and design professionals. Keith can often be found assisting our internal team members or working on jobsites assisting with construction and design.

Keith has a B.S. Degree in Building Construction Technology from Wentworth Institute of Technology in Boston. He and his wife Jennifer have three daughters and two dogs.
